GCF: Who are we

- We are part of a national network, one of 47 community Foundations across the UK who have delivered over 1 billion of grants. The total endowment across the network is £614 million.
- In 2020, collectively, community foundations delivered £98 million in grants.
- Our focus is supporting grassroots organisations that are the lifeblood of our community and the average grant size was £4,000.
- We are a membership organisation, governed by UKCF and we are assessed every 3 years. However, we remain an independent charity.
- We fund where others may not and we fund the hidden – or often “overlooked” issues
- In 2020, our grant-making increased fourfold, supporting over £1 million in grants (from an average of £300k in previous years) Whilst grantmaking decreased last year from the exceptional year in 2020, in 2021 we awarded over 200 grants totaling more than £750,000.

About the Arts Council England Let's Create Jubilee Fund

Who are Arts Council England?

Arts Council England (ACE) is the national development agency for creativity and culture.

They have set out their strategic vision in Let's Create that by 2030 they want England to be a country in which the creativity of each of us is valued and given the chance to flourish and where everyone of us has access to a remarkable range of high-quality cultural experiences.

They invest public money from Government and The National Lottery to help support the sector and to deliver this vision.

This grant is funded both from National Lottery and Government funds.

What is the Let's Create Jubilee Fund

The fund aims to fund a celebration of communities and community groups as well as a celebration of the Queen's Platinum Jubilee

The fund will award grants of between £750 and £10,000 towards new artistic or cultural projects that will culminate in an event, performance or exhibition in June to tie in with the Platinum Jubilee.

We have a total funding pot of approximately £45,000 for this programme

The activity might take place in a street, across a neighbourhood, a village or community hall, a park or some other local space. It could also happen online using digital technology.

The hope is for applicants to consider how to deliver a creative and cultural activity that their local communities will want to take part in and, if possible, find a partner who can help them build it.

Who can apply to the Let's Create Jubilee Fund

The fund is open to voluntary and community organisations with charitable aims which do not have to be solely based around arts and culture.

Ideally, the fund would like to encourage partnerships between community groups and Arts Council England-funded arts organisations.

ACE-funded organisations are not eligible to apply as main applicants but are encouraged to partner with community groups to develop projects.

We recognise that timelines are tight to develop new partnerships so this is only a requirement for grants of over £5,000.

We anticipate that the majority of grants awarded will be for less than £5,000 to enable funds to reach further.

Eligible applicants will:

- Be based in Gloucestershire

We can accept applications for funding from organisations working as a consortium, partnership, network or group.
